

Cluster

Use the script in order to enjoy creative process instead of wasting your time.
«Cluster» script was created and developed by Tony Pinkevich

You may use this script for the **personal and commercial projects**.
And your feedback can help me to improve the script according to your needs.

Tony

How to install

1. Copy all content from a «Install» folder to a special folder

Windows: `Adobe_After_Effects_Install_Path\Support Files\Scripts\Script UI Panels\`

Mac: `Adobe_After_Effects_Install_Path/Scripts/Script UI Panels/`

! If you already have «Tniich» folder in a special path you should just merge folders. Make sure you are add content from installer instead of replace it!
